Layoffs-none

Sarah Ghazi Zadeh has applied for QA Auditor and has recently started her new role.

Welcome North building employees - Employees who have moved into their permanent home in the North building from our temporary location at Credit view.

MDA Space awarded contract by the Canadian Space Agency to advance technologies for future lunar missions

Exciting news! We're over the Moon to announce that MDA Space has been awarded a study contract by the [Canadian Space Agency](#) to advance technologies for future lunar missions.

As we prepare for our return to the Moon, our team will design, build, and test a compact active sensor prototype that could facilitate high-speed autonomous rover driving on the lunar surface.

Learn how MDA Space and our partners are paving the way for lunar rover logistics capabilities.

On-going Retirees - Currently working with Human Resources to update After Retirement Benefits book and I have updated the Canada Life direct number dedicated to UNIFOR 673, working on clarification re: Death benefits for retirees prior to 2020.

In Solidarity,
